## SUMMARY

React and TypeScript Developer with over 6 years of experience in the industry. I am proficient in keeping up with the latest web technologies and promoting a better developer experience. My experience includes cross-browser development, adaptive/responsive design, unit testing and code review also I have mentored newcomers and developed a design system. I hold an advanced English certificate (CAE) and am passionate about alpine skiing. I am now seeking a challenging position where I can utilize my skills and experience to develop innovative web solutions.

## TECHNICAL SKILLS
